

Maryland Birdlife

Maryland Birdlife is published twice annually to record and encourage the study of birds in and around Maryland. Originally conceived as a quarterly booklet, *Maryland Birdlife* was edited for many decades by world-renowned ornithologist Chandler Robbins. The final issue under his esteemed oversight was published in 2014. The journal is henceforth edited by Gene Scarpulla.

Maryland Birdlife contains original articles, notes, and research papers primarily pertaining to Maryland and the Mid-Atlantic region. Potential topics may include geographic or temporal distribution, ecology, biology, morphology, systematics, behavior, migration, life history, as well as other biological topics. Annual bird counts also will be published. All submissions are subject to editorial review and acceptance. Articles and research papers will be peer-reviewed.

Maryland Birdlife is provided to members of MOS as part of their membership package. To reserve your copy, [join MOS](#) today!

An indexed CD of *Maryland Birdlife*, which contains Volumes 1 through 55 (1945-1999) and can be browsed by date and searched for keywords, is available from the [MOS Logo Shop](#).

Back issues of *Maryland Birdlife* (Volumes 1 through 61 [1945-2005]) can be accessed online at [SORA](#) (Searchable Ornithological Research Archive). The two most recent volumes are not available online.

MOS members and others who may have future contributions are urged to contact the Editor at ejscarp@comcast.net.
